

Health Protocol for Arrivals to Sri Lanka Tourism

COVID-19 RECOVERED TRAVELLERS

Valid for arrivals from 29th January 2022

1

Applies to International Tourists visiting Sri Lanka under tourist visa. No prior approval required from the Ministry of Foreign Affairs or Civil Aviation Authority. There is no minimum duration of stay in Sri Lanka.

Travellers with a history of COVID-19 within the past 6 months and who are fully vaccinated OR travelling to Sri Lanka after obtaining a single dose of COVID-19 vaccine recommended to fully vaccinate at the country of origin (E.g., Astra Zeneca / Pfizer BioNTech / Moderna, Johnson & Johnson, Sputnik Light & etc.) shall visit Sri Lanka under this category. They should carry a diagnosis card / positive PCR test report / positive Rapid Antigen Test report / verifiable evidence as a proof of past history of illness (in English).

Children of 12-18 years, if depart 2 weeks after obtaining at least a single dose of Pfizer Vaccine, will be considered as Fully Vaccinated.

Covid 19 recovered travellers who are vaccinated, yet not completed 2 weeks from the recommended doses of vaccination (not-fully vaccinated) can also visit under the safety of the Tourism Bio-Bubble and will be entitled for a shorter, flexible bio-bubble period at "Safe & Secure Certified L1" hotel/s.

2

Prior to boarding, travellers are required to:

- Have a valid tourist visa. All visas must be applied online through eta.gov.lk.
- Covid 19 recovered travellers who have not completed two weeks after the vaccination (not-fully vaccinated) must have a pre-confirmed booking at a Level 1 "Safe & Secure Certified" hotel/s for up to 8 days depending on the duration of your stay and vaccination status. Hotel bookings could be made directly with the hotel or through 'Safe & Secure' certified travel Agent or OTA. Visitors are allowed to move within L1 hotels and use all facilities of the hotel upon an on-arrival negative PCR test. For details on L1 hotels and Travel agents visit www.srilanka.travel/helloagain.
- Visit portal.pionline.lk/covidinsurance to pay for mandatory COVID 19 Local Insurance cover at USD 12 for a policy of USD 75,000 up to a period of one month (including children below 2 years).
- Have done a negative PCR test report within 72 hours or Rapid Antigen Test report (self-swabs are disallowed) within 48 hours prior to embarkation. (Children below 12 years are exempted from PCR/Antigen tests).
- Prior to boarding the flight, visit airport.lk/health_declaration/index and fill the Online Health Declaration Form individually and upload the relevant documents (Vaccination record, Predeparture COVID- 19 negative test report, Data page of the Passport etc.) to obtain the QR code. A separate form should be submitted for each of the accompanying children (if any).
- If not-fully-vaccinated or accompanied by not-vaccinated children of 12-18 years, pay for the on-arrival PCR tests at USD 40 per test at the Ministry of Health (MOH) approved laboratory established at the Bandaranaike International Airport (BIA) or any other MOH approved laboratory. (Children below 12 years are exempted).

3

At the airport produce the following:

- Negative COVID-19 PCR TEST report (English) or Rapid Antigen Test report (English).
- Original vaccination certificate / card (together with a certified copy of English language translation if the certificate/card is not in English or if relevant data are not indicated in English). Travellers who have recovered from Covid 19 with one dose of vaccine, have to submit a diagnosis card / positive PCR report / positive Rapid Antigen Test report / verifiable evidence as a proof of past history of illness (in English).
- QR code generated after filling the online Health Declaration Form (in mobile phone / hard copy).

4

Fully-Vaccinated COVID 19 recovered travellers

On-arrival PCR tests

- No on-arrival PCR test for "Fully Vaccinated" travellers
- Not-vaccinated Children:
 - No on-arrival PCR test for not-vaccinated children up to 12 years and they will be allowed to travel with their parents.
 - Not-vaccinated children of 12 -18 years need to undergo on-arrival PCR testing at the Ministry of Health approved laboratory at BIA or at any other MOH approved laboratory and inform the result to the area MOH. If the Day 1 PCR report is negative (or if positive with a CT value > 30), they will be allowed to travel with their parents.
- No 2nd PCR for fully vaccinated travellers.

5

Not-Fully-Vaccinated Travellers (COVID 19 recovered travellers who have not completed 2 weeks after the vaccination / COVID 19 recovered travellers who are not-vaccinated)

On-arrival PCR tests

- All travellers should undergo on-arrival (Day 1) COVID-19 PCR tests at the Ministry of Health (MOH) approved laboratory established at the Bandaranaike International Airport (BIA) or any other MOH approved laboratory.
- Not-vaccinated Children:
 - No on-arrival PCR test for not-vaccinated children up to 12 years.
 - Not-vaccinated children of 12 -18 years need to undergo Day 1 PCR testing.

Exit PCR /Rapid Antigen test

- Travellers will undergo the Exit PCR / Rapid Antigen test on the completion of 14 days from the recommended doses of vaccination or 7 days after arrival (whichever comes first will apply). Upon negative PCR / Rapid Antigen test results, they will leave the bio-bubble.
- Not-vaccinated Children:
 - Not-vaccinated children below 12 years are exempted from Exit PCR / Rapid Antigen tests and can be released with the parents.
 - Children of 12 - 18 years shall perform Exit PCR / Rapid Antigen tests on similar dates as their parents and should have negative results.

After verifying the status of vaccination and the completion of 2-weeks post vaccination period / 7 days after arrival and negative Exit PCR / Rapid Antigen tests results, the respective Safe & Secure L1 Hotel doctor / in charge will issue a "Discharge Document" and release the travellers from bio-bubble.

6

Accommodation & Airport transfers

i. Fully-Vaccinated travellers

Fully-vaccinated travellers are allowed to make their own arrangements for accommodation, airport transfers and local transportation. However, advised to use Safe & Secure Certified accommodations and travel agents to ensure their health and safety. (If COVID 19 recovered fully vaccinated travellers are using " Safe & Secure Certified" L1 hotels / travel agents, airport transfers to be arranged by either the respective "Safe & Secure Certified" L1 hotel or travel agent)

ii. COVID-19 recovered travellers who have not completed 2 weeks after the vaccination

Accommodation at Safe & Secure Certified L1 hotels until completion of the 2-weeks post vaccination period / 7 days after arrival. Airport transfers to be arranged by either the respective Certified Safe & Secure L1 hotel or Certified Safe & Secure travel agent.
